

Veta 3S

Veterinary Anesthesia Machine

Safety and simplicity

型号	Veta 3S
Gas Supply	O ₂
Flow Meter	Mechanical, 0-4LPM
Vaporizer Position	One position, ISO/SEV opt.
Vaporizer	V60 Vaporizer with Flow/Pressure /Temperature compensation function
Breathing System	Integrated
APL Valve	0-70 cmH ₂ O, With one-button block
ACGO	Standard, One-button swtich
Weight	20kg
Movability	Four-wheeled Trolley
AGSS	Anesthesia Gas Filter Canister

Integrated Breathing System

- Anesthetic delivery faster and more stable with smaller system volume
- No tubes exposed, reducing the risk of leakage
- One step to remove Soda lime canister without any tools

APL Valve

- APL valve with quantitative scale
- One-button block, rising 30 cm H₂O

Anesthesia Gas Filter Canister

- Efficient adsorption of anesthesia waste gas to protect the safety of veterinarians and create a safe operating room

High Quality Vaporizer

- Mindray V60 vaporizer, with flow /pressure /temperature compensation function
- Accurate output and good air tightness
- Maintenance-free

Easy to operate

- ACGO one-button switch between Non-rebreathing and rebreathing system

Excellent Mobility

- A Four-wheeled trolley flexible and stable, easy to move
- Caster with brake, stable and reliable
